

Student Transportation Policy

Students of Alexandria Country Day School may not ordinarily leave campus on school sponsored trips, e.g. field trips or sports activities, unless they travel by chartered vehicles. Unless the Head of School authorizes an exception, Alexandria Country Day School students will not be taken to and from school-sponsored events in private cars driven by parents or school employees. However, a parent who makes a written request on a form satisfactory to Alexandria Country Day School in advance of any particular off-campus trip may take his/her child to and from that event. The parents will assume complete responsibility for his/her own child's safety and well-being.
